O R D E R : -

Consequent on the issue of orders transferring administrative control of the Ex-servicemen's Co-operatives and of other items of Post War Reconstruction work to the Registrar of Co-operative Societies, a question has been raised about the custody or transfer of stroes and M & B sheds which are at present under the custody of the Officers of the Regional Directorate. The Director of Resettlement and Employment has reported that there are no stores other than the 10½ M.B. sheds materials which are kept for the use of ex-servicemen's Co-operative Societies under the custody of the officers mentioned below, the remaining sheds having been allotted to different Socieities of Ex-servicement.

1.	The Secretary, Strathie Engineering workshop	2 M.B.sheds.
2.	Special Assistant to Collector, Tinnevelly	1 M.B. "
3.	The Manager, Sub regional Exchange, Madura	2 M.B. "
4.	The Secretary, Katpadi Metal and Timber works.	1 M.B. "
5.	The Manager, Sub Regional Exchange, Calicut.	2½ M.B. "
6.	The Manager, Sub Regional Exchange, Bezwada.	2 M. B. "
		10 ½

2. The Government consider that the strathie ~~Ending~~ Engineering Workshop and Katpadi Metal and Timber works may continue to keep the materials no with them. The materials now under the custody of the Special Assistant, Tinnevelly who is also the Secretary of the Motor Transport Society, may be preserved within the premises of that society. Similarly the Transport Society at Maduma may keep the two sheds which are now with the Manager, sub Regional Exchange, Madura. The Transport Society at Calicut should be asked to take over 2½ sheds from the Manager, sub Regional Exchange Calicut. The difficulty arises only in the case of sheds which are at present at Bezwada where there is no ex-servicemen's

Co-operative Society. The Deputy Registrar, Bezwada should be asked to take charge of these materials which are now kept on the back verandah or compound of the Employment Exchange at Bezwada and keep them in some convenient place, either in the verandah of his office or in a godown. If necessary he may employ a watchman for the purpose of safeguarding the materials.
